

To run an event:

- You'll need this pack plus a copy of Battle for Greyport.
- Each kit supports a game of up to five players.
- Players will play a modified version of the "Blood Moon Rising" scenario from the game.
- There are two different versions of the modified scenario - one for new players, another for advanced players.
- Each player gets one copy of each promo card to take home. The promo cards have a special use in this scenario, but can be used at home by simply shuffling them into the appropriate decks.
- You may use any leftover promo cards for other Battle for Greyport events you run, or you may give them to customers who purchase a copy of Battle for Greyport. You may **NOT** sell your promo cards directly.
- If you have questions, contact us at **slugfestgames@gmail.com**.

Thanks for running a Battle for Greyport event!
