

CONTEST WAIVER

This waiver certifies that I, the undersigned, am submitting one or more games to SlugFest Games ("SFG") for consideration in their 2018 Gambling, I'm In Game Design Contest.

I certify that these designs constitute my own creative work and not that of another designer.

I understand that my submission of these designs does not create any kind of a business relationship between myself and SFG other than that specified herein.

I understand that SFG, at its sole discretion, may choose any number of contest winners, including zero.

I understand that if one of my designs is chosen as a contest winner, receipt of my prize will be contingent upon execution of a separate agreement assigning all rights to my designs to SFG in perpetuity.

I understand that SFG has game designs under development that may be materially similar to the designs I am submitting. I understand that I have no legal claim or recourse if SFG publishes a product in the future that bears resemblance to the designs I am submitting.
